# Nonprofit Partnership Program

*SCF's Nonprofit Partnership Program combines and shares resources with other organizations within Solano County to help strengthen the community. We offer monthly workshops to help train and advise nonprofit leaders, board members, staff, and volunteers on topics such as operations, governance, fiduciary responsibilities, grantseeking and capacity-building. NPP members are also eligible to apply for a Professional Development Mini-grant to pursue education and training opportunities.*

*As a Funding Information Network partner of the Foundation Center, SCF offers the general public access to online resources such as Foundation Directory Online (FDO), Grants to Individuals Online (GTIO), and Maps. The online database is very helpful in assisting grantseekers find and research potential funders for their nonprofit organizations and themselves. Please call the Foundation to ask for more information regarding our NPP workshops or to use our grantseeking resources.*
