# Nonprofit Partnership Program

*SCF's Nonprofit Partnership Program is designed to strengthen, develop, and serve Solano County nonprofits by enhancing organization visibility and needs, and assist in their development and capacity-building efforts. NPP workshops are offered monthly, covering topics of interest for staff, board members and volunteers. These sessions are facilitated by experienced and qualified trainers and presenters. NPP members are also eligible to apply for a professional development and capacity-building grants.*

*SCF is a Funding Information Network partner of the Foundation Center. As such, we offer public access to online grantseeking resources. The Foundation Directory Online (FDO), and Grants to Individuals Online (GTIO). These searchable databases are very helpful in assisting grantseekers find and research potential funders to benefit their nonprofit organizations, and for themselves. Please call the Foundation to learn more about our NPP workshops or to schedule an orientation session to use our resources.*
